Dear Mr Clayton

Thank you for contacting the Independent Police Complaints Commission (IPCC). We acknowledge your consent and note the details of your complaint against the Greater Manchester Police. The case reference number is 2009/006637, which you should quote in all future correspondence.

We are completely independent of the police service and are responsible for making sure that the police complaints system in England and Wales works effectively and fairly. However, each police force is responsible for considering complaints made against that force and recording your complaint.

Our role at this stage is to forward your complaint to the relevant police force. If you are not happy with the police's decision on recording your complaint, you have the right to appeal to us.

I have passed the matter to the Professional Standards Department (PSD) of the Greater Manchester Police for them to consider. We have done this with your consent and the police will be contacting you soon. If you have any further information you wish to pass on, please forward it directly to the PSD.

If you have not heard from the relevant police force within 14 days you may wish to contact them directly.
